PROFILE

Adaptable professional with experience in hospitality administration, property management, e-commerce operations, and public-sector internship exposure.

I have successfully handled hotel administration and property management responsibilities in Yerevan, ensuring strong customer service, operational consistency, and high occupancy levels in prime districts.

I also completed a Wildberries seller and manager course, gained practical experience in marketplace operations, product positioning, inventory control, and sales growth strategies.

My internship at the National Assembly of the Republic of Armenia strengthened my communication, diplomacy, and professionalism in a high-accountability environment.
